

## Services today For Mrs. Elizabeth Pearson

The community was saddened on Sunday night, July 16, on hearing of the death of Mrs. Edwin M. (Elizabeth Isabel) Pearson of Whittier, Calif., who died in the Holy Cross hospital, Calgary, at the age of 69 years.

Mrs. Pearson had arrived the week previously from her home in California, together with her daughter, Mrs. Hilsop, and her two granddaughters, and was to have visited with relatives in Didsbury, but she was admitted immediately to hospital, where she passed away Sunday evening.

Born in Lavalie, Wis., Mrs. Pearson moved to Didsbury in 1902, where she resided until going to California two years ago. She was a charter member of St. Hilas's Chapter of the Order of the Eastern Star, and also past worthy matron of the Eastern Star, and a member of the United Church.

Surviving are her husband in Whittier, Calif.; four daughters, Mrs. Earl Besse of Harvey, Ill., Mrs. M. E. Wood of Didsbury, Mrs. John Hilsop of Riverside, Calif., and Mrs. M. J. Hearst of Calgary; two sons, Edgar and John, both in California; and Tom of Ponoka; 19 grandchildren; five sisters, Mrs. E. L. Myers, Mrs. George Theroux, Mrs. F.M. Bingham and Mrs. John Eubank, all in California, and Mrs. David Seibert in Idaho; three brothers, A.A. Moon of California, Frank of Prince George, B.C., and W.A. Moon of Didsbury. Her first husband, Harry Pearson, predeceased her in 1943.

Funeral services will be conducted from Knox United Church in Didsbury on Wednesday, July 19, at 2 p.m., with Rev. E. G. Archer officiating. Burial will follow in the Didsbury cemetery with Didsbury Funeral Home in charge of arrangements.

## DAILY VACATION BIBLE SCHOOL

The first day of Redeemer Lutheran Vacation Bible School was thoroughly enjoyed by children and teachers. Thirty-nine children registered on the first day. These are very ably taught by Alvina Jans, Erna Reinhardt, Mrs. E. B. Fox and Rev. E. B. Fox. These classes will be conducted daily except Saturday till July 28, from 9:30 till 12 noon, and from 2 p.m. to 3 p.m. The V.B.S. welcomes every child in the community to attend.

## Seminar Concluded At The Lutheran Church

Dr. Lawrence Acker, pastor First Lutheran Church, Omaha, Nebraska, who has just accepted the appointment as speaker over the International Lutheran hour, delivered the sermon at Redeemer Lutheran Church here on Sunday, July 16. In his address he encouraged his audience to pray, to continue in prayer but also to work and thus to help God answer their prayers.

The Lutheran Laymen's Seminar opened at 2:30 with the Rev. A. F. Miller of Mr. Calgary conducting a brief devotional. The Rev. W.A. Raedeke, executive secretary of the Alberta British Columbia District of the Lutheran Church, introduced Mr. Martin Daib, executive secretary of the Lutheran Laymen's League of Chicago. Mr. Daib in turn presented Dr. Acker who began his lecture on "The Blessings of Holy Communion", showing first the Scriptural teaching of this Sacrament. An interesting discussion followed.

Mr. Daib spoke on "The Work of the Laymen in Their Church", showing that it is the will of God and need is present for this work.

Rev. W.A. Raedeke addressed the assembly and informed his audience that he had accepted a call to Collinsville, Ill., where he will serve a congregation of 1650 baptized members. He thanked all for the fine co-operation shown him as executive secretary of this district.

During the supper hour the Ladies Aid of Redeemer served supper to many visitors from Calgary, Claresholm, Trochu, Airdham and Red Deer.

In the evening Dr. Acker continued his discourse on "The Blessings of Holy Communion", especially setting forth the blessings the participant receives and the reason why one ought to attend frequently. Following this, Mr. Daib spoke on the work of the Lutheran Laymen's League and especially on the Lutheran Hour, which is the largest religious broadcast in the world. The Lutheran Hour is heard over 1000 stations in practically all parts of the world.

The Seminar was brought to a close with a brief devotional by Rev. E. B. Fox.

## LOCAL GIRLS ATTEND C.G.I.T. CAMP AT KASOTA BEACH

Twelve girls from Didsbury were attending C.G.I.T. camp at Kasota Beach, Sylvan Lake. The ten days' camp commenced on July 8. Those attending were: Florence Gilson, Trilla McVoy, Rose Benson, Geraldine Ford, Pat Leaverson, Marlene LeGrand, Jean Mooney, Ruth Gale, June Klinek, Gathell Kiersgaard, Anita Andrews and Mona Stevens.

## WESTCOTT NOTES

Mr. Linden Jacobson returned last week from attending the funeral of his uncle, Martin Jacobson, at Adair, Iowa. While there he visited with his mother, Mrs. John Jacobson, who had gone sometime ago to visit with his ailing mother.

Rev. T. Folkman of Trochu visited on Sunday and Monday with relatives here, the Bergdorphs and the Otto Folkmans.

Mr. and Mrs. Herbert Goetjen, Marjorie and Leslie, spent Sunday in Calgary. They were accompanied by Miss Fay Foxworth of Didsbury and little Marjorie Papke of Big Prairie. While in Calgary they called on Deloye Goetjen and on the Peter Stenhouse family, seeing the latest arrival, little Leonard Michael.

Mrs. Henry Wulshusen was released from the hospital Saturday and is resting at home now.

The Jack Robertson family arrived home aist Saturday from their holiday spent at Banff.

Mrs. Linden Jacobson, while Mr. Jacobson was away, now the land is practically ready for next spring's seeding.

## Progress Being Made On Local Waterworks

Like most other activities, the rains of the past ten days have slowed up work on the water and sewer systems, although if all goes well the lateness should be completed this weekend. There are still some connections to be made to property lines, and when these are finished the streets will again be smoothed out and opened up.

The rains have caused the earth in the ditches to sink in many places, and where this has occurred the town grader has been out to fill them in, and local traffic has been accommodated fairly well, despite the odd car and truck which has been bogged down.

The pumping station for the sewer has been completed, and all that the water mains are finished it is planned to fill the reservoir and turn the water into these mains within the next few days.

It is not expected that the waterworks system will be in operation for some time, owing to the fact that the disposal plant is not yet completed, and when this work will be finished is difficult to determine. However, there is hope at last that the system will be in operation before the summer is out, and when the official opening takes place no doubt the occasion will be marked with an appropriate ceremony.

## DIDSBURY HOSPITAL BIRTHS

Born at the Didsbury hospital to Mr. and Mrs. John Varigan on Tuesday, July 11, a son.

To Mr. and Mrs. Henry Neufeld on Friday, July 14, a girl.

To Mr. and Mrs. E. W. Snyder of Crossfield on Sunday, July 16, a son.

## Large Turn Out at Gun Club Shoot On Friday

Fifteen shooters turned out to the gun club shoot last Friday night and some good scores were chalked up, along with some not so good, but "an enjoyable evening was had by all."

Bill Ranton was in top form to take the honors of the shoot with 21 birds, the highest so far this season.

Scores for the evening:

Ranton 21, S. Thompson 20, E. Rouleau 20, G. McDonald 19, J. Neufeld 18, P. Varigan 15, A. Studer 14, E. Sutton 14, I. Klein 13, Ed Watkins 10, P. Neufeld 9, E. Wilkins 6.

The gun club still requires new members at a fee of 50¢. Come out and join and enjoy the weekly shoots which are held each Friday night at 7:00 o'clock.

## Crops Making Rapid Growth Following Rain

While the hail storm last Monday did considerable damage in the Didsbury district, the two inches of rain which followed the storm, plus an estimated additional two or more inches of rain later on in the week has soaked the ground for the first time in over a year, and crops generally have shown a marked improvement. Where the hail struck heavily the grain was pounded into the ground, but by the weekend the new growth was showing in the rows again, and warm weather is now needed to bring both early and late grain crops along.

"After all, what is a little hail at this time of the year," says Emile Dupont Sr., who farms six miles west of town. Emile says that two years ago his headed grain crop was hailed out late in June and adjusted at 100 per cent damage. The crop came back and headed out, and just a month later hail again flattened the crop late in July. Once again the grain came back and headed, and despite a little frost damage Mr. Dupont says he threshed a fair crop.

"One early hail storm isn't too bad, two hail storms can still produce some kind of a crop, but if your grain is hailed a third time you can expect a total failure," says Mr. Dupont.

Most of the spring-sown grain is now headed out and while only from 12 to 14 inches high in most places, there is promise of an average crop. Oats and barley sown after the first rain are making rapid growth and should produce a nice crop, depending of course on the absence of early frosts.

With the abundance of moisture now available to bring all crops to maturity there will be ample feed in the Didsbury area this fall and if all goes well the grain elevators should have nothing to complain about before the year is out.

## ADVERTISING COPY MONDAY

We have repeatedly requested our advertisers to have their advertising copy in not later than 6 p.m. Monday. This is not a minor consideration in the publication of The Pioneer. It is almost a necessity if we are to get the paper printed Tuesday night and mailed Wednesday morning in time to catch the mails. Some of our advertisers have not co-operated and others get "peevish" when we try to remind while the rest of it is being printed while the rest of it is being prepared for the press. Then there is the country news which must all be set Tuesday, some of it not arriving until 2 p.m., and this must all be set in type for the current issue.

Again we plead with our advertisers. Have your copy in not later than Monday night. And as early on Monday as possible.

The most modern freight yard in North America, the Canadian Pacific Railway's new \$12,000,000 St. Luc "hump retarder" freight terminal at Montreal, which will speed movement of goods through that busy seaport and railway center, was opened today.

The new terminal, designed and built by Canada's Minister of Transport, the Hon. Lionel Chevrier K.C., (right of islet), shown as he in the foreground, is the first of its kind in North America to adopt the automatic switching principle. The

yard also boasts such modern rail-roading innovations as an under-track inspection pit to enable all rolling stock passing through the yard to be examined for defects; an automatic track weighing scale that weighs cars in three-and-a-half seconds while they are in the yard; and the hump, a 37-ft. tall and braked, coming to a stop in their pre-determined position in the classification yard. The Canadian Pacific was the first road in North America to adopt the automatic switching principle. The

REPLICAS OF THE CROWN JEWELS SHOWN IN CANADA

Enabling many Canadians and Americans to see the priceless Crown Jewels, perfect replicas were shown by the National Jewellers' Association at the Canadian International Trade Fair at Toronto during June.

The replicas of the Crown Jewels are the result of over 15 years' work by Mr. Charles Elston, an amateur dealer of Stockton-on-Tees.

who has spent many years studying the originals in size, shape, weight and color. This picture shows a young girl admiring the King's Orb. On the table are, left to right, St. Edward's Crown, the Imperial Crown of State and the Imperial Crown of India (these involve 11,000 stones). In front can be seen the Royal Sceptre, the Jewelled Scepter of State, the Archbishop's Cross and the Altar Cross.

## Expect Additional Payment On Wheat

Confidence that farmers will receive an additional payment under the Canadian-United Kingdom wheat agreement which ends July 31, was expressed by Carl J. Stimpfle, president of the Farmers' Union of Alberta.

Mr. Stimpfle returned recently from Ottawa as head of a three-man delegation which consulted Ottawa officials on the need for an increased final payment.

The submission, presented by A. D. Radland of Baldonnel, B.C., J. Phelps, president of the Saskatchewan Farmers' Union, and Mr. Stimpfle, was heard by Hon. C. D. Howe, minister of trade and commerce, and Hon. James G. Gardiner, minister of agriculture.

"The delegation asked for a final payment under the agreement that would bring the overall price per bushel from the present \$1.75 to \$2.00. Mr. Stimpfle estimated that there is now approximately five cents per bushel in the pool and that if an additional amount were agreed upon it would have to be sought elsewhere. It was pointed out, however, that under the complete terms of the agreement the Canadian farmers are entitled to \$2.00 a bushel for their wheat sold under the agreement."

The delegation was assured that the matter will be given the fullest possible consideration, but that no statement could be made until after the close of the crop year on July 31. The proposal would be placed before the cabinet after that date.

Since the delegation made its presentation the matter has been brought forth on the floor of the house by several private members from Western Canada. All were assured that the matter warrants further and careful consideration by the cabinet.

Mrs. Ed Berscht and Mrs. S. Wright spent last week in Calgary. Mr. Ed Berscht went to the city Friday, and they all returned to Didsbury Monday.

## Marlin Jacobson Passes at Adair, Iowa

Marlin Jacobson, 57, of Cranbrook, B.C., and formerly of the Westcott district west of Didsbury, died while visiting with relatives at Adair, Iowa, on Saturday, July 15. Death was due to a heart attack.

Mr. and Mrs. Jacobson and son Leonard and daughter Janice and a friend had just arrived there the Tuesday before by car from Canada, and at the time of Mr. Jacobson's death the rest of his party were away with relatives to Des Moines.

Mr. Jacobson was born Sept. 30, 1892, at Sandwich, Ill., moving to Iowa with his parents in 1901. In 1911 the family moved to Canada, and he returned to marry Ida Franz in 1914, and later came to the Didsbury district where they made their home for 27 years. The last nine years were spent in B.C.

Surviving are his wife and four children, Lee of Medicine, Alberta, Mrs. June Burton of Calgary, and Dale and Janice of Cranbrook, B.C. One daughter died in infancy. He is also survived by two grandchildren, and two brothers, John and Chris of Didsbury.

Relatives and friends attending the funeral services at Immanuel Lutheran church, Adair, Iowa, in addition to his wife were Janice Jacobson, Mr. and Mrs. Dale Jacobson of Cranbrook, B.C., Mr. Leonard Jacobson and Mrs. Tessie Stebbins of Bellevue, Alberta, Mr. and Mrs. Ron Burton of Calgary, Mrs. John Jacobson and Linden A. Jacobson of Didsbury, and a host of friends and relatives from other points in the U.S.A.

Mrs. Ed Berscht and Mrs. S. Wright spent last week in Calgary. Mr. Ed Berscht went to the city Friday, and they all returned to Didsbury Monday.

## Interesting Weddings Of the Summer Season

### SCOTT-COWITT

An early July wedding was solemnized recently in the Knox United Church, Didsbury, when Jeanette and assorted flower garden bouquets decorated the church. The bride, Miss Beatrice Aileen Cowitt, youngest daughter of Mr. and Mrs. Alfred Cowitz, was united in marriage to Mr. Ira Elwood Scott, eldest son of Mr. and Mrs. Ira E. Scott, all of Didsbury.

Rev. Moss of Oids performed the ceremony, in which the bride was given in marriage by her father.

Her wedding gown was floor-length of traditional white satin, with a classic high round neckline set with a deep lace yoke, edged by wide stiff ruffled lace, fitted bodice with full sleeves, high round sleeves. The full skirt, gathered at the waist, was completed with a double drape at the back. Embroidered with white seed pearls, her only jewellery was a crystal necklace set with her birthstone, the topaz, a gift of the bridegroom. She carried a bouquet of deep red roses, fastened with a large white satin bow.

Miss Marion Luft, cousin of the bride, was the only attendant, and chose for the occasion a pink nylon net floor-length gown with fitted bodice, short puff sleeves, high round neckline, and deep lace inset edged with double lace, with a matching chapel veil. Her bouquet was of pink carnations intermingled with white sweet peas.

The flower girl, little Bonnie Murphy, wore a floor-length gown of yellow satin with chapel veil, and she carried a nosegay of pink roses.

The bridegroom was attended by his brother, Mr. Thomas Scott, and the ushers were Mr. Leonard Cowitz, brother of the bride, and Mr. Wilfred Luft, the bride's cousin. Miss Joyce Luft played the wedding music and Miss Mildred Luft was soloist, both wearing floor-length gowns.

For the occasion the bride's mother wore a mauve lace dress with a pink hat and matching accessories. The groom's mother wore a black dress of tulle, with matching accessories. Both wore corsages of yellow roses.

The parents of the bride, eight guests at the reception held immediately following the ceremony, were seated at a table. The toast to the bride was proposed by Mr. Aymer Cowitz, an uncle of the bride.

Mr. and Mrs. Scott left for a honeymoon trip to Jasper, and on returning they will reside in the Didsbury district.

### WESTFALL-BAPTIST

Promises formed the background for the wedding on July 8, in the Evangelical church, Didsbury, when Lottie Elizabeth, daughter of Mrs. E. Baptist of Didsbury, was united in marriage to Roy Calvin Westfall, son of Mr. and Mrs. Claude Westfall of Calgary.

Rev. A. J. Grams performed the ceremony.

The bride, who was given in marriage by her brother Irwin, was attired in a floor-length gown of white bridal satin with sweet-heart neckline, fitted bodice and long sleeves. Her veil was held in place by orange blossoms, and she carried a bouquet of red roses.

A floor-length gown of pale yellow sheen, with a white sash, was worn by the maid of honor, Pearl Baptist, sister of the bride. She wore a chapel veil and carried a bouquet of carnations.

The bridesmaid, Dorene Westfall, sister of the groom, was attired in a floor-length gown of white and white sash, with a white trim. She wore matching chapel veil and carried a bouquet of carnations.

Mr. Ray Cutler of Calgary attended the groom, and the guests were ushered by Edward Irwin and Walter Scheidt.

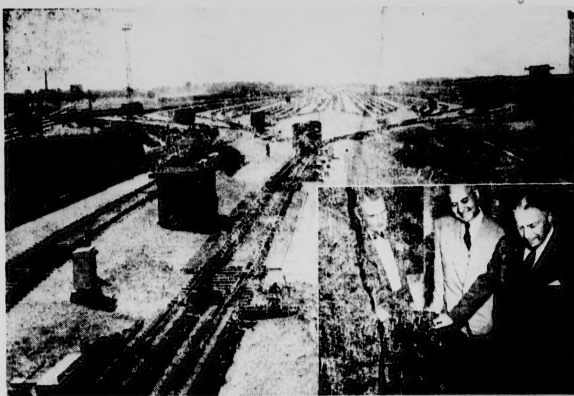

Miss Jean Frey played the wedding music, and Miss Zook sang "Love Never Fails" during the signing of the register.

The bride's mother wore a dress of printed black silk crepe, while the groom's mother wore a dress of green celanese crepe.

Following the ceremony a reception was held in the basement of the church, which was fittingly decorated with white bells and pink and white streamers. Summer bouquets were arranged on the tables and the bride's table was centered by a three-tiered wedding cake. Mr. Peterson, uncle of the bride, proposed the toast to the bride.

Assisting in serving were the Misses Verla Irwin and Adrienne Scheidt.

Following the reception the bridal couple left on an extended honeymoon to Banff and States points. Upon their return they will make their home on the farm east of Carstairs.

The most modern freight yard in North America, the Canadian Pacific Railway's new \$12,000,000 St. Luc "hump retarder" freight terminal at Montreal, which will speed movement of goods through that busy seaport and railway center, was opened today.

The new terminal, designed and built by Canada's Minister of Transport, the Hon. Lionel Chevrier K.C., (right of islet), shown as he in the foreground, is the first of its kind in North America to adopt the automatic switching principle. The

# DAILY VACATION BIBLE SCHOOL AT UNITED MISSIONARY CHURCH

A Daily Vacation Bible School, will be held at the United Missionary Church in Didsbury from Wednesday, July 26, until Saturday, August 4th. Classes will be held from 9 to 12 a.m. each day except Sunday, and all children between the ages of 3 and 14 are invited to attend these interesting classes.

## QUEBEC LAUNCHES AIR WAR ON THE SPRUCE BUDWORM

The stillness of the small Quebec town of Malbaie on the North Shore of the St. Lawrence River is being shattered these days by the roar of airplane motors warning up in readiness for an attack. The enemy—hordes of voracious spruce budworms, which threaten thousands of acres of lush forest land in La Malbaie and Murray Bay areas.

Ammunition in this case is an oil spray of 12 per cent DDT which has been found to be one of the most effective means of spruce budworm control, say scientists of C.I.E.'s agricultural chemicals division. Before spraying is undertaken, the forest area is carefully marked. The plane then makes low sweeping swaths to assure as complete coverage as possible. As DDT is a residual poison, budworms not killed by contact action are destroyed as they emerge from protected places.

Spruce budworms winter as tiny caterpillars in small silken cases attached to crevices in the twigs near the buds. When the buds burst forth in spring, the caterpillars emerge and feed on the succulent growth. After feeding they go into resting stage among the infested branches, reappearing in August as moths. These lay their eggs on the underside of the needles. After 10 days the eggs hatch into caterpillars which feed a short time then pass into winter hibernation.

It is estimated that standing timber equivalent to millions of cords of wood are destroyed annually in Canada by the ravages of the spruce budworm which is equally dangerous to fir, larch, hemlock and pine.

**NEW SUPERINTENDENT:** W. J. Price, who has taken over as superintendent of the Canadian Pacific's Calgary division. With the railroad since 1909, he is a former conductor who was superintendent for a year at Brandon, assistant superintendent at Moose Jaw, Fort William and Kenora. He is native of Hampton, N.B.

## WESTERDALE NEWS

Mr. T. Dawson of Calgary returned home on Sunday after spending the past week at the home of Mr. and Mrs. R. Jackson. Bob, Art and Jim Jackson, returned to Pine Lake on Sunday last with their uncle, Mr. G. Jackson. A heavy rain storm forced them off the lake early in the afternoon, but despite the rain they returned home with a nice catch of perch.

Mr. and Mrs. W. Meyers of Victoria, B.C., spent an over night visit at the home of Mr. and Mrs. Ben Kershaw last Saturday. Doris and Jerry White of Melvin visited from Tuesday to Friday with their uncle and aunt, Mr. and Mrs. R. Jackson.

Nine members and two visitors attended the July meeting of the Willing Workers held at the home of Mrs. W. Dodd on Wednesday last. The roll call was answered with "How I Spent Last Sunday." A decision was reached that the paint be purchased to paint the new building recently constructed at the hall premises. Painting will be done on Thursday afternoon. It was agreed that the Society purchase a dress and a pair of shoes for Doreen Massen, who is a mascot of the Willing Workers Club.

Mrs. S. Jackson conducted an interesting western contest which was won by Mrs. Don Dodd. The hostess prize was won by Mrs. S. Jackson.

The next meeting will be held at the home of Mrs. L. Jones on August 9.

Mr. and Mrs. D. Herbert and Mr. and Mrs. J. Bothers motored to Banff last Thursday morning and took in the Calgary Stampede later in the day.

Mr. and Mrs. W. Wigley and Mr. and Mrs. F. J. Jackson and Phyllis left on Saturday last for a trip over the Jasper-Banff highway. Mrs. L. Jones travelled with them to Hatfield, where they will spend Sunday visiting with Mr. and Mrs. Wm. C. Wigley. Mavis and Dale, Mrs. L. Jones remained at the Wigley farm for a few days, visit, while Mavis Wigley accompanied the holiday travellers on their round trip, and is now visiting at the F. J. Jackson home. The travellers returned home Thursday evening to find that hail had caused considerable damage to their crops.

On Saturday evening last a wicked hail storm cut through the district doing severe damage to crops and gardens. The farms most severely damaged were those of W. Wigley, F. J. Jackson, R. Jackson, L. Jones, A. Jones and S. Statham.

Bill Wigley of Leduc motored to the home of his grandparents, Mr. and Mrs. L. Jones, on Saturday last and the J. J. Jackson family.

## IN MEMORIAM

In loving memory of our dear little Myrna, who passed away on July 15, 1947.  
Before the throne of God  
Thousands of children stand,  
Children whose sins are all forgiven.  
A holy, happy band,  
Up there among the throng,  
Our little Myrna stands,  
Waiting for us to join her,  
In that holy, happy land.  
Orville and Hazel McMann

Per capita consumption of meat in Canada in 1949 averaged 139.2 pounds, an increase of 4.7 pounds per person from the 1948 figure of 135.5 pounds.

## HAPPY MOTORING HINTS

Here are three Chrysler products designed to give you happier motoring in the warm months when your car gets its greatest use. You'll find them reasonably priced, and of course fully guaranteed.

## SUN?

**CHRYSLER SUN VISOR**—Designed to fit the styling of Chrysler-built passenger cars. Shady, heavy-gauge aluminum. Custom-built to match your car—no drilling required. Engineered to eliminate much of the blinding glare of Spring and Summer sun.

## FUN?

**CHRYSLER CAR RADIO**—Make your motoring more pleasant with a Chrysler car radio. Have music wherever you go! Drive relaxed while enjoying your favourite programmes. Drive in and have a Chrysler car radio installed while you wait. Reasonably priced.

**CHRYSLER SEAT COVERS**—Add to the appearance and comfort of your car by protecting the upholstery with perfect fit, carefully tailored, Chrysler seat covers. With them, you'll be happy. Your seats look new. Chrysler seat covers are easily cleaned. They're made of durable, attractive, practical materials. In any Chrysler-built passenger car. They may be installed in a matter of minutes.

**Agricultural  
 SERVICE  
 BOARD  
 NOTES**
W.K. Snyder,  
Field Supervisor

Since the recent rains and the revived growth of weeds there has been a decided increase in the use of 2,4-D. Many farmers who have never sprayed before, and who had not intended to spray this year are now hurriedly making preparations to do so.

We are very much pleased with the results of the weed spray to date. Reports come to us of satisfactory results being obtained on thistles where from 6 to 8 ounces of acid per acre were used. Our own observation confirms these reports.

To the new operator we would like to make a few suggestions. The boom should be operated at a height of about 20 inches above the weeds—just so the spray pattern from the nozzles meets about three inches above the weed tops. If the temperature is over 80 degrees it is considered advisable to increase the water application above the recommended 4 gallons per acre at least one gallon or more per acre. Since evaporation is so rapid, part of the mist will vaporize before the chemical has time to settle down around the weed growth.

**Spray With Sufficiently Heavy Solution To Do The Job**  
 The university of Nebraska states that man is being outsmarted by super weeds. According to this source, races of weeds resistant to herbicides are being built up. This occurs when they are sprayed with chemicals which do not kill all of them. If the surviving plants are allowed to mature they develop offspring able to withstand the weed killing chemicals. Stronger doses of herbicides would hurt the crops they are intended to protect.

**STOCKMEN SHOULD BE  
 SURE OF FEED SUPPLY**

Farmers should look beyond their own immediate needs when putting up hay, says J.E. Birdsell, Alberta's supervisor of crop improvement. There will be plenty of demand for it, and even if a sale is not found for all the hay available it is always wise to have a reserve on hand.

A dry spring over most of Alberta has reduced potential feed supplies. Even if the weather is favorable throughout the summer hay and pasture crops will be short. These crops depend on moisture in May and June for much of their growth.

To make up the deficit in feed supplies many farmers have seeded additional acres of oats for green feed. This will take the place of hay, but late summer and fall pasture must also be provided. Oats for cover crop should provide good pasture if seeded during the month of July. Cover crops will also fill in an important role by preventing soil drifting. Sources of extra feed that should not be neglected this year are sloughs and other low land normally too wet for haying.

**MORE RELIEF FOR FLOOD  
 AND FIRE VICTIMS**

The U.K. Government has arranged to send 500 sets of carpenter's tools to aid in rebuilding the flood and fire ravaged communities of Manitoba and Quebec. 100 sets were shipped on the "Beaverdell" in June, 80 sets were sent by air June 13, and the balance is to follow. Included in the shipments are quantities of bedding, draperies, towelings, crockery and cutlery.

**THE DEPRECIATION OF MONEY**

(By H.G.L. Strange)

We are hearing from Britain, and from some people in this country, that \$2.00 wheat basis No. 1 Northern Fort William is more than wheat is really worth, and that Britain cannot afford to pay that price. It is pointed out, too, that in 1914 and for some years before that, wheat averaged not more than 90 cents a bushel.

What the good people forget is that the Canadian dollar and all other currencies in the world have generally lost value since 1914.

When speaking of prices we should think not only of the money price but of rather what that money will buy. Based on the Seattle and Dominion indexes of the cost of living and production, it is found that it takes \$2.04 today for a bushel of wheat to buy as much as a bushel at 90 cents did in 1914. Actually, then, when we speak of \$2.00 wheat today we are speaking of 90 cent wheat in 1914, which in those days was certainly not thought to be too high a price. Almost all other goods and commodities have gone up in price in proportion to the rise in the cost of living. Why should not wheat be entitled to the same consideration?

A plague of army worms has wiped out hundreds of acres of the richest grain and corn crops in Kent County, Ontario.

# CHEVROLET TRUCKS

## ✓ Performance Leaders!

Chevrolet's great Valve-in-Head engines can do more work per gallon of gas than any other gasoline engine of the same displacement now in use. They're smooth, rugged and powerful — masters of the job!

## ✓ Payload Leaders!

Low operating and repair costs of Chevrolet trucks are an outgrowth of finest engineering and rugged Advance-Design construction. Chevrolet trucks let you deliver the goods with real reduction in cost per ton per mile.

## ✓ Popularity Leaders!

For the last full year, Chevrolet outsold all competition. That's evidence of owner satisfaction earned through the years — proof, yes proof beyond any question or doubt, that Chevrolet is the most-wanted truck.

## ✓ Price Leaders!

You're money ahead with these new Chevrolet trucks! Chevrolet's rock-bottom initial cost — outstandingly low cost of operation and maintenance — and high trade-in value, all add up to the lowest price for you.

YOU can expect great things of these new Chevrolet trucks. They're the most powerful trucks Chevrolet has ever built, yet they cost surprisingly little to operate. Three rugged, wonder-working Valve-in-Head engines — the Thriftmaster 92-h.p., Loadmaster 105-h.p. and the big new 110-h.p. Torquemaster — bring you performance that saves you time and money. New Power-Jet carburetion provides smooth, quick acceleration, and the 4-Speed Synchro-Mesh transmission is standard equipment from the 1-ton to the 3-ton (optional in  $\frac{1}{2}$  and  $\frac{3}{4}$ -ton) which means faster shifting and greater safety on the grades. To you, this means wonderful new performance . . . less time on the road . . . lower cost per ton-mile. So do yourself a favor. Visit our showroom today. Chevrolet trucks—and only Chevrolet trucks—provide what you want!

## FRUIT NEWS

**STRAWBERRIES** Due to unfavorable weather conditions the Strawberry crop did not come up to expectations this season. If the weather improves supplies from Creston should be available for another week.

**RASPBERRIES** Only a few small shipments of Raspberries have been received from the Mission district up to the present time. With favorable weather conditions ample supplies will be available for preserving during the next two weeks.

**LOGANBERRIES** We received a car of Loganberries in Calgary this week. This will be the only shipment this season and we would advise placing an order for your requirements at once.

**CHERRIES** Peak shipments of B.C. Cherries are now arriving on the market. Prices are not expected to be any lower this season, and we advise securing your requirements at once as any rains in the growing areas now would practically cut off all supplies.

## -: DISTRICT NEWS :-

### South West Didsbury

Miss Anne Klassen of Edmonton spent part of the week at Camp and stayed nights with Miss Grace Hunsperger.

Mr. and Mrs. H. W. Folkman and family arrived home Wednesday from a month's visit in the States.

The storm on Monday last did a great deal of damage to crops in the district.

### MOUNTAIN VIEW

Mrs. George Burns is a patient in the Didsbury hospital and Mrs. Herschel Fry is her special nurse. We wish her a speedy recovery.

Mr. and Mrs. Jim Peters returned recently from a two weeks' trip to the Pacific Coast.

Mr. and Mrs. Charles Kohut left on a trip to various points in the United States.

Mr. and Mrs. Clifford Murphy and family were dinner guests with Mr. and Mrs. Ed McNeil on Sunday.

Mr. George Morash visited last week in Calgary with Leslie Schumaker at the home of Mrs. Peter Denner.

Mr. and Mrs. Glen Fulkert and Peggy visited Sunday and Monday with Mr. and Mrs. Alfred Morash.

Mr. and Mrs. Alfred Morash were Calgary visitors on Monday. Mr. and Mrs. John Brander and Sheila were dinner guests with the latter's parents, Mr. and Mrs. Wm. Bruce. The afternoon visitors with Mr. and Mrs. Bruce were Mr. and Mrs. Rex Dawson and Koren.

Mr. and Mrs. Scotty St. Clair and family, Mr. and Mrs. Elmer Rogers and family.

Mr. and Mrs. Joe Hunter and son and Joy Elliott visited Sunday afternoon with Mr. and Mrs. Don McEwen at Mayton.

Mr. and Mrs. Joe Hunter and Joy Elliott spent Friday afternoon and Saturday in Calgary, taking in the Stampede.

Ladies, don't forget the Institute meeting on Thursday, July 20, at Mrs. Booker's. Everyone is invited to come.

Mr. and Mrs. Arthur Gebers and sons, Margaret Atkinson and Owen Bittner, attended the wedding of Mrs. Geler's niece, Eileen Goldfeld, to Harvey Stahl in Calgary last week. Mr. Myron Gebers was an usher.

Mrs. Otto Bittner, Jessie Atkinson and Mrs. Shereh and son Roy of Lethbridge, were visiting with Mrs. Art Gebers on Monday.

Myron Gebers and Lloyd Krueger of Oids visited in Calgary from Friday till Sunday.

Mr. Jim Blain, who has been visiting with his brother Ed and Mrs. Blain, left Sunday for his home in the States.

Mr. Ed Blain's sister and her family from the States are visiting with Mr. and Mrs. Ed Blain.

Mrs. Elizabeth Pearson of Whittier, California, a former resident of this district and in Didsbury, died Sunday in Calgary and the sympathy of the community is extended to the bereaved family.

Mrs. W. E. Stiles' niece, Noel Witt of Peachland, B.C., is visiting for a few days at the Stiles home.

Mr. and Mrs. W. E. Stiles will motor to Lacombe this week to get the boys from this district who are attending camp there.

### ZELLA NEWS NOTES

Mrs. Arthur Waldruff returned home last Friday after spending a week in the Didsbury hospital.

Mr. Hurb Dunlop of Coleman called at the Arthur Waldruff home on Saturday evening enroute from a holiday at Cold Lake.

Perhaps of interest to some readers is the announcement of the marriage of Miss Doreen High to Mr. Richard Stanley Dowe on the 22nd of June at Roswell, New Mexico. Miss High supervised correspondence at Zella for a term.

On Thursday afternoon the W.L. ladies were guests of the Westward Ho group for an afternoon picnic and high tea.

Heavy rains have fallen nearly every day of the past week and where crops and gardens haven't been hailed the outlook is much better.

### BRITAIN TO BUY CANADIAN WHEAT ON NEW BASIS

British purchases of Canadian wheat in the 1950-51 crop year will be made within the framework of the International Wheat Agreement. The United Kingdom has undertaken to take 300,000 tons of Canadian flour at competitive North American prices.

### LARGEST VESSEL LAUNCHED

Largest ship to be launched by any nation this year took to the water for the first time June 30 at the British port of Barrow. She is the 28,000-ton liner, the "Queen Mary," built by the Orient Steam Navigation Co. She takes her name from an island off the west coast of Scotland and replaces a war casualty of the same name.

### FALLEN TIMBER

Mrs. Teynor and son George are back from their trip to Oregon. Mr. P. J. Fair has been ill with pneumonia and we wish him a speedy recovery.

The regular meeting of the Busy bees was held at the home of Mrs. G. Bone with seven ladies present. A report was given on the harvest and showed that the sum of \$15 was made. It was decided to hold draws for the satin shirt and hooked rug at the next meeting, providing there has been a sufficient number of tickets sold.

A draw was held with Mrs. H. Johnston being the lucky winner.

After the business meeting a lovely lunch was served by Mrs. C. B. Moore and Mrs. J. H. Cooper.

Miss Joyce Laqua and Miss Marjory Maddaugh of Lethbridge are visiting at the home of Mr. and Mrs. J. H. Cooper.

Mr. and Mrs. C.B. Moore and Mr. and Mrs. W.H. McGaffin Sr. took a motor trip to Creston, B.C. Mr. Joe McGaffin and Pat and Mr. Mark Sweet made a trip to Caroline recently to visit Mr. Sweet's uncle.

Miss Judy Moore spent a day with her grandparents, Mr. and Mrs. Alex Moore, last week.

Mr. and Mrs. J. W. Cheavins of Montana visited Sunday guests at the home of Mr. and Mrs. Bob Moore last week.

Mr. and Mrs. J. A. Howton visited at the home of Mr. and Mrs. George Admussen of Bergen last week.

Mr. and Mrs. J. H. Cooper and family and Mr. and Mrs. J. A. Howton and children attended the Calgary Stampede parade.

Mrs. Alex Moore and her granddaughter Judy spent a day last week at the home of Mrs. J. Howton.

Mr. and Mrs. J. H. Cooper, Glen, James and Keith, and Miss Laqua and Miss Maddaugh made a trip through Banff and Lake Louise last week and returned home Friday.

The district was very pleased to see Mr. Ivor Brooks a week ago Sunday. Ivor and his wife and daughter attended church and Ivor Brooks and Bob McGaffin favored the audience with two lovely duets.

It has been fifteen years since Ivor has visited the district.

The regular club services have been held every Sunday at the school with Rev. R. and Rev. C. Moore in charge. The attendance has been between sixty and sixty-five all summer.

The Sunday service on July 16 was well attended. Mr. Pat McGaffin sang a solo and there were solos. The next service will be on July 23. Everyone welcome.

### EAST NOTES

Mrs. Clifford Nelson and daughters were visitors last week with Mr. Hugh McLean.

Mr. and Mrs. Henry Temple and family of Torrington were Sunday visitors with Mrs. Doreen and Fred Metz.

Mr. and Mrs. Mat Smith of Vancouver were visiting for a couple of days with Mrs. Smith's sister, Mrs. Clare Heron, and family.

Mr. Hugh McLean was a Sunday dinner guest at the Fred Metz home.

Little Douglas Brander spent a week with Leonard McCulloch while his mother attended Farm Women's Week at Oids.

Mrs. Edna Dowell and Fred Metz were dinner guests on Friday with Mr. and Mrs. Bill Coates and family of Oids.

Among those from this district taking in the Stampede in Calgary were Mr. and Mrs. Alfie Thompson, Reginald and Stanley Schumaker, and Miss Jessie McCulloch.

Mr. and Mrs. Jim Fraser were recent visitors with Mr. and Mrs. James McCulloch and with Mr. and Mrs. Walter McCulloch.

Mr. and Mrs. Walter McCulloch, Jessie, Leonard and Stanley, and Mr. and Mrs. Schumaker went to Banff on Sunday but it was too cool for swimming. However they met some friends from Didsbury and they all went on to Sylvan Lake and while there saw Marilyn Coates, formerly of Lone Pine district. Walter and Leonard enjoyed a boat ride even though the water was rough.

NEW FISH LOCATOR WILL IDENTIFY SPECIES

A firm in East England is carrying out tests on equipment which will help the fisherman not only to locate fish deep in the seas but also to identify their species. It tests prove successful, skipper and their crews will be able to make up their minds whether they can "shoot" for prime or whether the catch is likely to be less profitable. The equipment, which is still in the "hush hush" stage of development, may be ready for use at the end of this year.

Small U.S.A. businesses may be "fed" government sub-contracts.
